

Currency Ag Strategic Hedging (CASH) Program

The Currency Ag Strategic Hedging (CASH) Program is part of a suite of farm hedging strategies along with my C.R.O.P. Hedging and the Advanced Grain Pricing (AGP) Program to help you further diversify your overall farm marketing plan.

The CASH Program helps protect your revenues from a rising Canadian dollar and allows for the potential benefit of a falling C\$ on your physical commodity sales.

The program captures returns by:

- Using a tested currency hedging system to protect against a strong C\$
- Proactively remaining unhedged when the C\$ weakens
- Incorporating option strategies for additional hedging gains

Connect with me to include the CASH Program as part of your overall farm risk management strategy.
